Samsung Galaxy S5 mini. Available in Champagne Gold, Black and Gold Pink. The Samsung Galaxy S5 mini has almost the same

appearance as the regular S5. The only difference between the two is the dimensions. Instead of measuring 153.9 x 76.1 x 8.6mm, the Samsung Galaxy S5 mini measures 154.6 x 77.3 x 9.6mm. This is not really a bad thing, since a smaller phone may be easier to carry around. It also allows the Galaxy S5 mini to fit better in the pockets of your pants and trousers. Interestingly, the Samsung Galaxy S5 mini was announced on the same day as the S5. According to reports, the Galaxy S5 mini will be released next month on the 11th of May. We've also got one of the more basic wallpapers for the Samsung Galaxy S5 mini.
